

DATA PROTECTION OFFICERS ON CONTRACT

WHY YOU SHOULD APPOINT DATAPRO AS YOUR DPO.

YOUR TRUSTED PARTNER FOR COMPLIANCE WITH JAMAICA'S DATA PROTECTION ACT.

ABOUT US

At **DataPro Consulting**, we are a team of certified data protection professionals with extensive experience in privacy law, compliance, and information security. Our international network of experts provides tailored solutions to meet the unique needs of businesses across various industries.

As pioneers in data protection services, we specialize in ensuring compliance with evolving privacy regulations, including Jamaica's Data Protection Act and the EU GDPR, enabling organizations to safeguard personal data while focusing on their core operations.

WHAT MAKES A QUALIFIED DPO?

According to Section 20 of the Act, a DPO must possess:

- > Expertise in data protection laws and regulatory compliance.
- > Experience with IT systems and information security infrastructure.
- > Risk management and auditing skills.
- > High levels of integrity, professional ethics, and confidentiality.
- > Effective communication and project management skills, ensuring seamless collaboration with internal and external stakeholders.

DO YOU NEED A DATA PROTECTION OFFICER (DPO)?

Under Section 20 of Jamaica's Data Protection Act, organizations are required to appoint a DPO if they:

- > Are a **public authority**.
- > **Process personal data on a large scale**, including sensitive data such as genetic, biometric, or health-related information.
- > Fall within a **class designated** by the Information Commissioner.

Even if not legally required, appointing a DPO demonstrates your commitment to privacy best practices and builds trust with customers and stakeholders.

OUR DPO SERVICES

DPO AS A SERVICE

Outsource the role of the DPO to our team of experienced professionals who act as an extension of your organization:

- > Ongoing compliance monitoring and advisory.
- > Direct engagement with the Information Commissioner on your behalf.
- > Comprehensive support for handling data subject access requests and privacy breaches.
- > Regular training, updates, and reporting to your Board or Privacy Governance team.

DPO SUPPORT SERVICE

For businesses with an in-house DPO, we provide expert guidance to strengthen your compliance framework:

- > On-demand advice from certified data protection professionals.
- > Assistance with reporting, audits, and risk assessments.
- > Flexible engagement options: hourly, monthly, or project-based.
